

## JL FRENCH SHEBOYGAN, WI

Since 1968 Jos. Schmitt & Sons has partnered with JL French Automotive Castings, Inc. to complete several major projects as well as countless smaller jobs.

*As has been our experience on previous jobs by Schmitt & Sons, the 1992 addition and the Gateway building projects went extremely well. Both were finished under budget and ahead of schedule under their leadership. They exhibited a willingness to adapt to changing conditions, always mindful of who the customer was. They orchestrated each project by providing proper direction and discipline to the architects and the various sub-contractors, keeping everyone working towards the same goals. The end results were excellent.*

*For future programs, we intend to use Schmitt & Sons. Our past experience would determine a change to another to be very unwise.*

*James L. French  
President of J.L. French Corporation*

### OWNER

J.L. French Corp.  
Now Owned by:  
Nemak Wisconsin  
3101 S Taylor Dr
